MIDLAND CAT CLUB SHOW – IRELAND

MS MARIA CHAPMAN 22.02.09

Many thanks to Carmel and the Committee for the invitation to judge and the wonderful hospitality and the lovely momento. An enjoyable week-end – thank you.

AOV FOREIGN CHAMPION ADULT FEMALE:

GR CC ARCHER'S CH SHADANZA TANZANITE (77).

Very pretty girl. Ears of good shape, size and set with gentle rounding to skull between. Clear facial markings with dark pigmentation around salmon nose leather. Good breadth between large eyes of good shape and expression, being held wide open, hazel in colour. Wedge shows a whisker break with short blunt nose and broad muzzle. In profile shows a slight stop with level chin. Slim, dainty girl of good weight for size with slim well muscled legs and neat oval paws. Good well defined sepia ticking to golden ivory coat, showing a slightly darker pine line, of good texture with feint inner front leg markings and a few outer knee markings on back legs with some colour on lower hocks. Tail is of good shape with a black tip and colour on upper side extending towards body, just a little more length needed to reach shoulders.

RES GR CC DMYTRIYEVA CH LLANDAR LOLA (76 30).

Alert lass, interested in all around. Slight rounding to top of head, some flattening to forehead, medium sized ears of good shape and set. Very broad bridge to nose between large green eyes of rounded almond in shape. Good definition to broad muzzle, profile shows a slight dip to nose with small bump, would like more depth to chin. Rich warm tone to coat showing brown and mid brown markings and spots of varying sizes including rosettes and arrowheads, clear facial markings, broken and unbroken necklaces, spotted tummy. Strong medium sized girl with a muscular and firm body, legs of good shape and rounding to paws. Tail is of good shape and length with good markings. A little grumbly but handled, in good condition.

AOV FOREIGN PREMIER MALE:

GR PC RYAN'S GR PR RAKASTA MR BOJANGLES (76 30).

Large handsome lad but was not at all happy to be handled or to come out of the pen. Ears of good shape and set with good width between, gentle rounding to top of head. Large green eyes of good shape. Mature head, profile showing a slight dip, firm chin. Large lad, rather plump – please watch his weight, strong well muscled legs with good markings down to rounded paws. Dense coat in good condition, of rich golden colour to darker toned base, showing glitter. Good definition to black markings and spots, rich rufus tone to well spotted tummy. Good markings to tail.

ASIAN TIFFANIE ADULT FEMALE:

BOB BOWLES' CH FARASH NORMA JEANE (68 43eq).

Slight rounding to top of head of good breadth. Slightly large ears with tufts, of good shape but held a little low some of the time, was a little nervous. Large pale coloured eyes. Strong blunt muzzle to short wedge, clear facial markings. Definite nose break to profile, rounding at nose leather, level but shallow chin, teeth untidy but bite looks level. Body of good size and weight of medium build, slightly tense, slim legs and oval paws. Coat is fine, of good length and lies well, in good condition. Good plume to tail, needs more length to balance. A gentle girl and was close for Res Gr CC.

CC not awarded. 1. LENIHAN'S COOMAKISTA POLA DEBEVOISE (68h).

Rounding to top of head with medium sized ears of good shape, held a little low. Large eyes of good shape. Short wedge with blunt muzzle, an exaggerated nose break to profile, level chin but needs more depth. A medium sized young girl just into adulthood, of good weight, large paws to legs of good shape. Coat is of warm chocolate tortie mingling, with a full ruff, unfortunately coat is very dense and has a woolly undercoat. Tail has a good plume, needs more length. A timid lass.

BROWN SPOTTED BENGAL ADULT MALE:

1CC & BOB MACDONALD & QUINN'S RAKASTA LUSTROUS LEONARDO.

Young lad just into adulthood at just under 10 months, well developed for age. Large ears of good shape and set, good width between with gentle rounding to top of head. Large yellowy green eyes of good rounded almond shape. Clear facial markings over head onto shoulders. Head maturing with good breadth to muzzle, well defined whisker pads. Good gentle contour line to profile with level chin. A weighty lad with well shaped legs which are well marked down to rounded paws. Rich rufus tone to coat with dark and mid brown markings and spots of varying sizes. Dense coat of good texture, spotted tummy. Good shape and length to well marked tail. Not overly happy out of pen but handled, in fine condition.

SNOW SPOTTED BENGAL ADULT FEMALE:

1CC & BOB DMYTRIYEVA'S WILDSIDE SNOW PRINCESS.

Slight rounding to top of head with large ears of good shape and set. Large pale blue eyes of good rounded almond shape. Clear facial markings. Good breadth to muzzle with well defined whisker pads, profile shows a slight curve with level chin. Slim medium sized body of good weight and feel with well shaped legs and rounding to paws. Ivory coat with light and mid brown spots and markings, including rosettes and arrowheads, spotted tummy. Coat is of good texture and in good condition. Tail is well marked and of good length but would like thicker in shape. A noisy lass but managed to handle. Poses well in pen.

EGYPTIAN MAU ADULT FEMALE:

1CC & BOB MACDONALD & QUINN'S ACCLAIM CLEOPATRA (78 30s).

Only just adult, alert and interested in all around. Medium sized ears with good width between and of good set, clear facial markings. Large eyes of very good shape and expression, green colour developing, good uniform breadth to nose. Gentle rounding to muzzle, slightly fine at present. Very slight contour to profile with level chin. Weighty body of good size, please watch her weight, well shaped legs and oval paws. Good texture to coat, having resilience to the touch, showing well defined black and charcoal spots and markings, elongated spots on spine, spotted tummy, broken necklace. Tail is well marked, of good shape and medium length. Grumbled a little when out but poses well in pen.

LA PERM ADULT INTERMEDIATE FEMALE:

1IC & BOB LENIHAN'S COOMAKISTA HEATHERMIST (80L 20jw).

Slight rounding to top of head with slightly large ears of good set and shape, showing furnishings and muffs. Expressive eyes of rounded almond shape and of good set. Moderate wedge with full whisker pads, long curly whiskers. Gentle curve to profile with level chin of medium depth, rather red gums. Medium long coat showing curls and some waves, springy in texture, slightly dense. Slim body of medium size, of good weight and feel. Good plume to proportionate tail. Gentle nature.

BROWN BENGAL SPOTTED KITTEN MALE:

1 & BOB DMYTRIYEVA DOBSHANGRILA BOGDAN.

Large ears of good shape and size, gentle rounding to top of head. Golden yellow eyes of good shape. Clear facial markings over head on to shoulders. Very slight contour to profile, level chin but would like more depth. Good breadth to muzzle with well defined whisker pads. Well developed lad of 6 months, very good weight and feel to body with well shaped legs and rounded paws. Excellent definition of spots and markings including rosettes and arrowheads, density developing, spotted tummy, broken and unbroken necklaces. Tail is of good shape and length, well marked. Very nervous lad, didn't like being out of pen. In fine condition.

BROWN BENGAL SPOTTED KITTEN FEMALE:

1. MACDONALD & QUINN'S FORESTGEMS PIPE HEIDSIECK OF RAKASTA.

Pretty young kitten. Slight rounding to top of head with medium sized ears of good shape, holding high some of the time. Rounded almond eyes of good shape, good breadth between. Good breadth to muzzle, whisker pads well defined, profile shows a slight curve with level chin but could be deeper. Slim, strong body of good weight with well shaped legs and rounded paws. Very good definition of dark brown and black markings and spots on pale golden coloured coat, showing arrowheads and rosetting, lovely spotted tummy, broken and unbroken necklaces. Coat has density and of good texture. Tail is well marked but needs to be shorter and thicker in shape. A little spirited but handled.

DEVON REX NEUTER MALE:

1PC MCLOUGHLIN'S DOMPERION TICKLYBUBBLES (33a15c).

Flattening to skull between large ears which are wide at base with good width between but holds a little high some of the time. Large oval eyes of good set, wedge is wide at eye level. Muzzle shows a slight whisker break, profile shows a stop but could be stronger, would like a firmer chin, level bite, long whiskers. Slim, medium sized body of good weight and feel, long legs and neat oval paws. Coat covers very well and is well waved generally except where very short on upper flanks of front legs. Coat is generally of good texture, a little dry on spine. Tail is well covered and shows some waving, a few guard hairs evident.

DEVON REX NEUTER FEMALE:

BOB EARNSHAW & DUNNE'S INT PR LORRENTINO LILYOFTHEVALLEY (33a14a).

1PC EARNSHAW & DUNNE'S (33a30)

Large ears are wide at base and of good set, showing tufts, flattening to skull between. Good expression to large oval eyes of good set. Short wedge is wide at eye level, showing whisker break and broad muzzle, curly whiskers, shows a slight stop to profile would like a firmer chin, level bite, long slim neck. Tabby coat is of good texture, well waved and covers well, lacking some coat on tummy but has down. Tail is well covered and waved, would like more length. Was in a bit of a tiz but a lot of noisy cats around.

BROWN SPOTTED BENGAL NEUTER MALE:

BOB RYAN'S GR PR RAKASTA MR BOJANGLES.

BRITISH/FOREIGN 6-9 MONTH KITTEN:

1. KIELY-JONES' ARDEEVAN CAILIN OIR (75) female.

Very pretty girl interest and alert in all going on around, shows well. Small ears with rounded tips, good width between with rounding to skull, good set. Full cheeks to rounded head with short broad nose, level chin. Large greeny toned eyes, round and well opened, with dark brown outline. Good weight for size but perhaps would like more size now as nearing 8 months. Coat showing even tipping, a little soft in texture at present, pale apricot tummy and chest. Tail is of good shape and medium in length. Poses well, sweet temperament.

2. HEALY'S ARDEEVAN CINNEIDE (39) male.

Two nice kittens.

BRITISH/FOREIGN JUNIOR NEUTER:

1. EARNSHAW & DUNNE'S (33a30) female.

2. MCLOUGHLIN'S DOMPERION TICKLYBUBBLES (33a15c) male.

3. FRENCH'S ISMISHA RIFF RAFF (77) male.

BURMESE/ORIENTAL/SIAMESE/BALINESE BREEDERS ADULT:

1. TAYLOR'S BACKCHAT MOLLY BLOOM (27g).

Gentle rounding to top of head with slightly large ears of good shape. Large pale yellow eyes of good shape. Acceptable nose break, slight roll off at nose leather, medium depth to chin.

Very good weight and feel to slim medium sized body, good shape to slim legs and oval paws. Dark blue tortie mingling to coat. Nice shape to tail, tapering to rounded tip, would like just a little more length to balance.

2. LONG'S ISMISHA VENUSINFURS (27c) female.

Slight rounding to top of head with ears of good set and shape, slightly large in size. Pale eyes of good shape and size. Acceptable nose break with level chin of medium depth. Slim medium sized body of good weight and feel, slim legs and oval paws. Good texture to coat. Tail needs more length, slight tension to end.

Extra 2. LONG'S CH ISMISHA DANDY WARHOL (27c) male.

Gentle rounding to top of head with ears of good set and shape. Balanced wedge with acceptable nose break, slight roll off at nose leather, shallow chin which is slightly set back. Pale yellow chartreuse eyes of good shape and expression. Weighty body of medium size, good shape to legs and oval paws. Dark lilac colour to coat of good texture. Tail is short to balance.

3. LONG'S ISMISHA ROLLERSKATE SKINNY (27a) female.

Large ears of good set, slight rounding to top of head. Golden eyes, slightly almond in shape and would like larger in size. In profile shows a fair break with level chin but needs more depth. Slim girl, good weight for size, only just adult and therefore some maturing still to do, good shape to legs and oval paws. Mid blue colour to coat of good texture and showing silvering. Good shape to tail but needs more length. Gentle nature and in good condition.

BURMESE/ORIENTAL/SIAMESE/BALINESE JUNIOR ADULT:

1. TAYLOR'S BACKCHAT MOLLY BLOOM (27g).

2. NERETTI'S & GIBBONS' GIRONA BLUEPOPPY (27g).

Rounded top of head with large ears of good set. Yellow eyes of good size, rather broad bridge to nose. Acceptable nose break to profile with level but shallow chin. Mature lass with medium sized body, good shape to legs and oval paws. Good texture to coat. Tail of good shape but needs more length to balance. Not a happy girl.

3. LONG'S ISMISHA VENUSINFURS (27c) female.

Extra 3 LONG'S CH ISMISHA DANDY WARHOL (27c) male..

BURMESE/ORIENTAL/SIAMESE/BALINESE SENIOR ADULT:

1. GOODISON'S INT CH CALVOS MYSTIC BELLE (24) female.

Large ears of good shape and set, wide at base. Blue eyes of oriental shape and of good set with good width between. Long head with good width between ears, muzzle showings a slight pinch. Profile shows a good straight line to nose with level chin. Slim, dainty and elegant body of good length and weight, slim legs with neat oval paws. Coat lies well and in good condition, dark shading to body, seal brown points. Tail of good shape.

2. LENIHAN'S BEECHBANK ARISTOCRAT (27d) male.

Medium sized ears of good shape with gentle rounding to top of head. Medium sized eyes. Acceptable nose break to profile with level chin but needs more depth. A medium sized lad of acceptable weight, good shape to slim legs and oval paws, would like more length to tail. Rich tangerine colour to coat which is a little woolly in texture. A gentle lad.

BURMESE/ORIENTAL/SIAMESE/BALINESE BREEDERS KITTEN:

1. BRINDLEY & SMITH'S KATEZ CARA MACREE (27a) male neuter.

Large ears of good set with gentle rounding to top of head between. Pale eyes of good shape and size. Acceptable nose break with level chin. A mature kitten of very good size with super weight to body, slim shape to legs and oval paws. Mid blue colour to coat with silvering, of very good texture. Good shape to tail but needs more length to balance body.

2. LENIHAN'S COOMAKISTA PORTRAIT OF A LADY (27) female.

Alert kitten. Rounding to top of head with ears of good shape, set and size. Large eyes, colour developing. Short wedge, showing slight pinch at present, definite nose break to profile with medium depth to chin which is slightly set back. Compact body of good weight with well shaped legs and paws. Brown coat is a little long at present. Tail needs more length and has a small invisible defect to end. Quite a character.

3. KEENAN'S KATCENNE SPERANZA WILDE (27c) female.

BURMESE/ORIENTAL/SIAMESE/BALINESE 4-6 MONTH KITTEN:

1. KEENAN'S KATCENNE SPERANZA WILDE (27c) female.

Pretty kitten with rounding to top of head, ears of good shape and size, of good set. Pale eyes of good shape. Short wedge with fairly good nose break, level chin but would like more depth. Dinky kitten of acceptable weight for size, slim legs and neat oval paws. Good lilac colour to coat in good condition. Would like more length to tail. Young kitten just four months old, unfortunately when we got to her she had had enough.

BURMESE/ORIENTAL/SIAMESE/BALINESE DEBUTANTE KITTEN:

1. LEOGUE'S ISMISHA HUNKY DORY (27c) male.

Gently rounded top of head with slight flattening to brow, medium sized ears of good set. Large slightly full eyes, golden in colour. Definite nose break to profile, roll off at nose leather, medium depth to chin, slightly untidy teeth but bite level. Good weight to body with well shaped legs and oval paws. Good texture to blue toned coat. Tail is of good shape but short to balance. In good condition.

BURMESE/ORIENTAL/SIAMESE/BALINESE BREEDERS NEUTER:

1. TAYLOR'S INT PR BACKCHAT BUCCANEER (27f) male.

Good breadth to top of head with large ears of good set, slight flattening to brow. Yellow eyes of good shape and size. Fairly good nose break showing a roll off at nose leather, chin could be firmer. Strong well grown body, muscular and firm and in fine condition, good shape to legs and oval paws. Rich warm tone to darker cream coloured coat which is of good texture, rather heavy broken necklace. Good shape to tail but short to balance. What a noisy chap, just wanted to chat and gain attention, lovely nature.

BURMESE/ORIENTAL/SIAMESE/BALINESE SENIOR NEUTER:

1. GRASSICK'S PR FAUNESE TRINA CHEILE (27e).

Pretty girl with gentle rounding to top of head, neat ears of good shape and set. Yellow eyes of good shape and size. Balanced wedge with definite nose break and level chin of medium depth. Compact body of good weight, slim legs and oval paws. Good shine to close lying coat of very good texture, dark brown tortie mingling. Tail of good shape but needs more length. Sitting very composed in pen.

2. MACKENZIE'S PR ISMISHA CARIBOU (27c) male.

Gentle rounding to top of head of good breadth, large ears of good shape and set. Large golden yellow eyes of good shape. Blunt muzzle to wedge. Large well developed lad with well shaped legs and oval paws. Coat of good texture. Poses well in pen but didn't want to come out.
